

Call to Order: May 2, 2018 6:45pm

Waive reading of Mar meeting minutes by voice vote

Treasurer's report: Doug was here!! This month's report is pending bills from Hard Rock for Solo.

New Members:

Anthony with a BRZ, attended and is interested in a track day.

Solo Report: Don and Matt

Supps need to be updated but no one seems to have time to do it. Task is still not assigned.

Safety for folks who have annual tech: SS is responsible to have cars with annual tech checked for things like cameras and general safety. Safety team will institute grid inspections of annual tech cars. We've had some safety violations recently concerning camera mounting and similar items. Solo drivers are reminded that they are still responsible for the safety of their cars, even though they passed annual tech a long time ago.

Looks like last weekend in June we will be back at Stead. We are at Hard Rock for the May and early June events. Andy will assign run groups for the next two events, and open online registration.

Track Report: Dave Deborde

Last month we approved reduced fee for track events, and less for first time novices. Dave proposes a further 'good deal' regarding group discount for multiple entries (10 persons or more) of \$20 off per person, 5 to 9 entry group gets discount of \$10 per entry. Group is to be defined as representative of an organization (not Paul and Scott). Groups would run in our regular run groups. Motion made and passed.

To try to get more members to solicit friends/neighbors to get on track, Dave proposes \$25 gift cert for referrals. Motion carries. Details of this discount will be spread by word of mouth with light advertising, and certs to be paid on event day.

7 new participants are currently registered for June event.

Sam needs to buy 5 more headsets for track instruction – approved by voice vote.

Scott to get price on 7 or so new radios, he will present next month.

Old Business: None

New Business: October street survival school in the word scheduled.
