New Business:

Anthony Ta joined us for the first time, long time autocrosser, will join us at T-hill in September

Pete Guilfoile – wants to tow an Aventador to the next track event on 22 September

Solo Report: Ahren

We have secured a new site available for September at the Regional Training Center. Some elevation change, small site, all preliminary work has been done and approved. Need more contact with RTC about where to park trailers, how to access the site (gated), etc.

Matt needs map for parking and instructions for our FB page.

Course is defined and approved. Start time is 8:45 drivers mtg and first car at 9:00

Bus may be optional due to site restrictions (visibility).

Site fee is 1200 for 2 days. Cones may be allowed to stay in place overnight.

Steve McLaughlin went to Nationals. Had damage to his car, got a loaner car.

Track Report: Dave Deborde

2019 Track Trials Nationals Event planned for T-hill.

National Tour for Track Trials coming to T-hill next year. Nationals will format and run the event, but want help from supporting regions (Reno and SF). Format similar to other National events, sections of track with AX like timing, and time attack, and lapping. Will require time trial license to compete. First day will be for qualifying new people, not coaching but observed for qual and safety purpose. Tentative date pending March or April by National, we prefer April or May. Event planned for the West T-hill course.

Don intends to have a meeting for Track Trials, to determine classing, national rules, etc. Don will plan that for the Oct timeframe.

Sam M asks why do we not pay until we get to the event for track days?

Feedback from last event was very good, especially for instructors. Instructors should plan on a full day because even if a student is ready to solo, they may have questions throughout the day.

Old Business:
